Release notes

Summary

This document contains the updates included in the Medical content version 1.152 and information about updated User Manuals relating to Clinic. There are no updates on the Patient application or Manage in this release. The changes are expected to be launched to production on the 3rd of June.
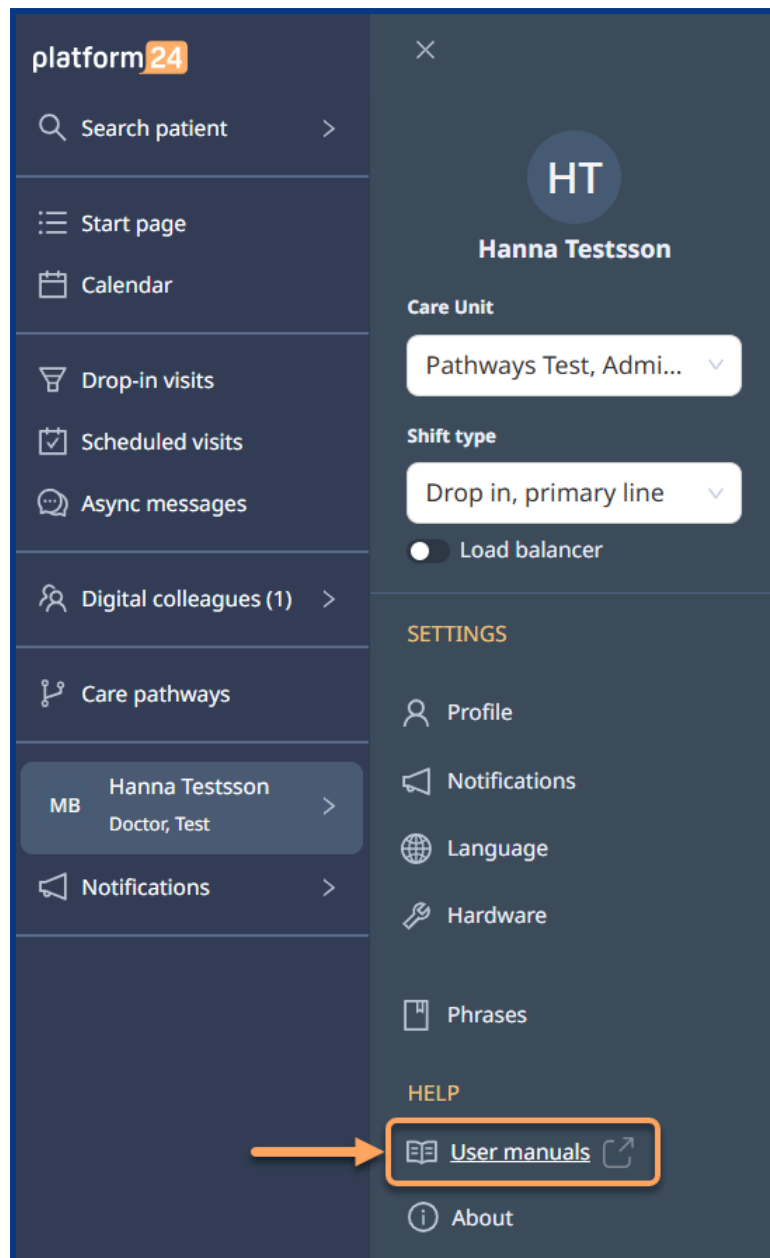

Clinic

Updated User Manuals

1	**New version of Smart Care Plans - Episodic User Manual** The following release note only applies to customers using Smart Care Plans for episodic care flows. Version 4.0 of the *Smart Care Plans - Episodic User Manual* is now available. The user manuals are available from within the user interface and on our webpage: https://platform24.com/manuals

Click on the *User manuals* link in your profile to reach the User Manuals.

Medical Content

Changes in version 1.152

Medical content populating the Triage product

The changes apply directly upon release for all customers who use the questionnaires mentioned, except for those with customer-specific questionnaires.

1	Improvements in the questionnaire *neck*
	Improvements have been made in the questionnaire *neck* to review the assessment of symptoms that may be related to acute conditions such as carotid artery dissection and neck stiffness, in order to refine the triage process and avoid over-triage.
	The logic has also been adjusted to allow more patients to receive self-care advice.
	Improvements have also been made to the summary of the medical history.

2	Improvements in the questionnaire *urinary*
	In the questionnaire *urinary*, handling has been improved for children 4-7 years old with increased urine output together with abdominal pain, vomiting or known diabetes.

Observe!

What is included in the release notes is what is intended to be released. Be aware that the development is currently under regression testing and have to pass the tests in order to be released. Therefore, if a change is made to the release that will affect what is written in the release notes, a new version of release notes will be communicated.

Questions

If you have any questions, please contact Platform24 Support or your Customer Success Manager.
